About Us

HackUNT is a student-run, non-profit event hosted by the registered student organization Engineers United. We are striving to bring students together from all backgrounds to innovate and solve real-world problems.

What and Where?

Hackathon: Competitive Software / Hardware building competition for students of all backgrounds and expertise.

Location: University of North Texas Discovery Park, 3940 N Elm St. Denton, TX 76207

Description: Within 24 hours, talented students from all over the country come together at HackUNT to strengthen their leadership skills, work and grow in a team, and develop real-world solutions for industry leaders like yourself. HackUNT 2022 is the fifth annual UNT hackathon. Over our two-day period, you will have the opportunity to meet potential applicants in action. With 400 students, enthusiasts, and professionals under one roof great projects are made.

Why should you be a sponsor?

Recruit Talent! View resumes from hundreds of top students. Interview with potential hires and blossoming new programmers. See talented individuals who show excellent teamwork skills and solve complex problems overnight.
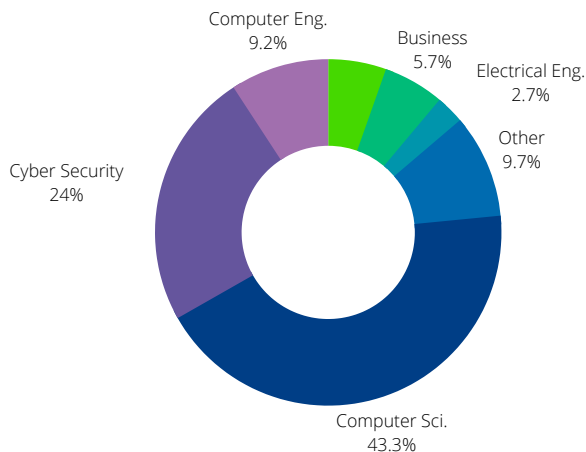

Advertise! You can introduce your product to participants and encourage them to use it by offering swag, guidance, or a related prize. Let attendees know about your company culture and goals for future talent. Bring your company into their world.

Mentor! Inspire students through workshops and talks. Talk to students about important skills and give advice about the professional world. Make meaningful connections that will last a lifetime.

Your support is key!

Your support as a sponsor for HackUNT will help every aspect of the event. Contributions from sponsors go towards the costs of the venue, food, t-shirts, staffing, prizes, security, and many other things that make a Hackathon wonderful. There is no entry fee for attendees and is purely funded by generous sponsors like yourself.

We want to provide an opportunity for you to develop a strong presence in Texas' engineering community. By sending representatives, developers, and mentors you can foster a relationship with tomorrow's engineering talent and by providing swag you can advertise your company and leave an impression on HackUNT's attendees!

We hope that you are as excited about this opportunity as we are and that you decide to be a part of HackUNT!

If our sponsorship options are not what you are looking for, please reach out to us at **officialhackunt@gmail.com**. We will work with you to provide the best package possible.
